

Promoting healthy and safe online activity

- The digital world is an amazing place
- It has few rules, is vast and fast moving
- One third of internet use is by children and young people
- Parents can support their child to work out the good ways to be online
- Young people's economic success will be dependent on their online skills

Parents' Guide to Technology

In the parents' sessions we run in schools, we get a lot of questions about particular devices that children are using or asking for. This guide has been created to answer these questions and introduce some of the most popular devices, highlighting the safety tools available and empowering parents with the knowledge they need to support their children to use these technologies safely and responsibly.
